Ways to use the fruit cards

A quick guide for adults at home, school or childcare.

1. Start with four named cards and say each name aloud.
2. Ask: Can you find the pear? Give the child time to point.
3. Place the matching picture-only cards face up.
4. Match pictures, then say the fruit name together.
5. Swap in another set of four when the group is ready.

Print the picture-only pages for a naming game.
